## **DETAILED ACTION**

### **Election/Restriction**

1. Applicant's election of Group II, [claims 28-43], in replay filed on 04/17/07 are acknowledge. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP 818-103(a)).

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Regarding claims 28-43, the phrase "or" renders the claim(s) indefinite because the claim(s) include(s) elements not actually disclosed (those encompassed by "or"), thereby rendering the scope of the claim(s) unascertainable. See MPEP § 2173.05(d).
4. Further, claims 28-43 are rejected less than 35 U.S.C. 112, second paragraph, as failing to set forth the subject matter which applicant(s) regard as their invention. Evidence that claims 28, 37 and 39 are fail(s) to correspond in scope with that which applicant(s) regard as the invention. In particular, the claimed limitation as indicated in all independent claims, such as "unauthorized senders' or both authorized unauthorized senders" etc., are not clearly distinguished or defined in the claims, in way one skilled in

the art would have clearly understood the claimed invention in the scope with that applicant (s) regard as invention. Examiner has found the claims language is undefined, unclear and confusing an unable to apply a reference to the application.

Therefore, claims 28-43 has been rejected as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
